Maternal and Child Health Bureau

Training Priorities

Maternal and Child Health Bureau

- **Strategic Planning**
- **Cultural Competency/Diversity**
- **Performance Measures and Administrative Data**

Performance Measures

Maternal and Child Health Bureau

- **The percent of graduates of MCHB long-term training programs that demonstrate field leadership after graduation.**
- **The percent of participants in MCHB long-term training programs who are from underrepresented groups.**

Performance Measures

Maternal and Child Health Bureau

- **The degree to which MCHB supported programs ensure family participation in program and policy activities.**
- **The degree to which MCHB long-term training grantees include cultural competency in their curricula/training.**

LEADERSHIP

MCHB Strategic Plan Mission

Maternal and Child Health Bureau

- “To provide national leadership and to work, in partnership with states, communities, public-private partners, and families to strengthen the MCH infrastructure, assure the availability and use of medical homes, and build the knowledge and human resources, in order to assure continued improvement in the health, safety and well-being of the MCH population”

MCHB Strategic Plan Mission

Maternal and Child Health Bureau

- “The MCH population includes all America’s women, infants, children, adolescents and their families, including women of reproductive age, fathers, and children with special health care needs (CSHCN)”

MCHB Strategic Plan Goals

Maternal and Child Health Bureau

- Provide National Leadership for Maternal and Child Health by creating a shared vision and goals for MCH, informing the public about MCH needs and issues, modeling new approaches to strengthen MCH, forging strong collaborative partnerships, and fostering a respectful environment that supports creativity, action, and accountability for MCH issues.

MCHB Strategic Plan Goals

Maternal and Child Health Bureau

- Eliminate health disparities in health status outcomes, through the removal of economic, social and cultural barriers to receiving comprehensive timely and appropriate health care

MCHB Strategic Plan Goals

Maternal and Child Health Bureau

- To assure the highest quality of care through the development of practice guidance, data monitoring, and evaluation tools; the utilization of evidence-based research; and the availability of a well-trained, culturally diverse workforce

MCHB Strategic Plan Goals

Maternal and Child Health Bureau

- To facilitate access to care through the development and improvement of the MCH health infrastructure and systems of care to enhance the provision of the necessary coordinated, quality health care
